To: University of Dubuque  
From: Timothy M. Polley (2008)  
Re: Letter of Reference, Dale Easley

To: Whom it may concern.

During the spring semester of 2008 I was fortunate enough to have Dr. Dale Easley as my professor for Geology at the University of Dubuque, and found his class to be both challenging and inviting. As a 3/3 student I still needed a science lab requirement, so I enrolled in Dr. Easley's class and found that he met all my expectations in a professor.

Dr. Easley has high expectations for his students, yet he is always available to assist students that are having difficulties. I believe that Dr. Easley fits the mold very well for a University of Dubuque Professor, in the fact that his office is always open and he is always willing to work with students who are serious and willing to put forth the effort. Students that do poorly in his classes have not gone the distance required, and can only blame themselves for the poor result.

Professors with Dale's talents and love for teaching come around very infrequently and I support his teaching and his employment at UD. Please feel free to contact me with any questions that you might have, I can be reached at (309)-781-9234.

Sincerely;

Timothy M. Polley  
Student. Dubuque Theological Seminary
